- a. 5/11 Tidewater exercise – Kelly Harding reported the Tidewater Exercise

Joint Benton/Franklin Local Emergency Planning Committee June 7, 2022 Meeting Minutes

was both a table top and small deployment exercise of spill control equipment. Ecology was present and exercise went well. Swift currents did present a bit of a challenge, but they were able to deploy spill equipment using slightly different tactics than when current is not as much of an issue.

- b. 5/24-26 BNSF exercise – no available BNSF representative present to report out.
 - c. 6/6-10 Franklin County PUD exercise - exercise was on-going at the time of the LEPC meeting – brief out on this for the next LEPC meeting
 - d. McNary Dam exercise scheduled for August 24, 2022
 - e. 9/21 Tri-City Airport exercise – This will be a functional exercise of a “simulated” plane crash with potential bomb threat. Planning team is meeting twice a month to organize the exercise that will take place on September 21, 2022.
2. CodeRED – A reminder/information about the Benton and Franklin County CodeRED Mass Notification system was provided. This system can assist in an emergency with providing information and instructions to people in specially targeted geographic areas. Both Benton and Franklin County Emergency can assist with any questions regarding CodeRED.
 3. Tier II Reporting - 2021 Tier II Reporting - deadline was March 1, 2021. This year there were a larger number of Tier II reports that were submitted to WA State Ecology but not submitted to the local LEPC. Please check to make sure you have sent your reports to all required parties.
